Railroad Topics

There are nearly 200 names on the pay roll at the Las Vegas shops.

Fireman Jack Heath, "Passenger Jack," of Las Vegas, has "followed suit," laying off just because his engine driver did.

Conductors Roy Carmien and Wm. Blackshear, off the north end, did duty on the south end yesterday, owing to a shortage of crews between Las Vegas and Albuquerque.

Owing to a shortage of men, probably for the reason that Friday was pay day, brakeman Eaton was drafted to do duty as switchman in the Las Vegas yards that night.

The general storekeeper of the Santa Fe road, N. M. Rice, is in the city from his headquarters at Topeka. Mr. Rice was formerly located here, and has many friends in this city.

Fireman Loutzenheiser succeeded to the 1205, the passenger engine manipulated by Engineer Jack Lowe, and from which Fireman Tiberghien was plunged into eternity Thursday evening.

The 921, which has been under repairs in the Albuquerque shops for several days, was puffed up to Las Vegas, Friday, and will be handled by Engineer Dennison, her former master, with an iron hand.

The air brake instruction car is in Las Vegas from Raton, in charge of E. M. Lewis, and will probably remain there for several days, dealing out information in chunks to such as desire it, or need it in their occupation.

William Penn Clarke, in the service of the Kansas City, Mexico & Orient railway, down in Mexico, is here to spend a few days attending the Fair. Mr. Clarke was formerly the industrial agent of the Santa Fe Central.

Ed. Ripley, formerly of Arkansas City, has been appointed trainmaster on the Rio Grande division of the Santa Fe. He is advancing rapidly being made trainmaster from station inspector. When in Arkansas City he was Superintendent Tice's stenographer.

Assurances have been received from all three railroads having their termini at Santa Fe that as soon as the Scenic Highway is completed to the Pecos and the road up the Santa Fe Canyon is properly retained, that the Scenic Highway will be featured in their advertising literature.

The body of J. C. Tiberghien, the fireman who fell from his engine while approaching Ribera station, Thursday evening, and was instantly killed, was taken up to Trinidad, Colo., for interment. Friday, accompanied by the immediate members of the family and Fireman Carlton of the brotherhood.

The tracks of the Denver & Rio Grande railroad have reached Aztec and trains are now running between Durango and the county seat of San Juan county. The tracks will be completed to Farmington by October 1st and then the San Juan county division of the Denver & Rio Grande railroad.

K C Baking Powder

IS UNIFORMLY GOOD

Because the largest and best facilities in the country enable the manufacturers to avoid variation in materials and in the process of manufacture.

25 Cakes for 25 cents SAVE THE COUPONS.

It, while Mr. Murphy applied the air brake in a minute the train came to a standstill, and the car, fortunately, did not lose its balance, but remained upright, although off the track. It was uncoupled and the party proceeded to Lamby with the main train.

"It took several hours' work to put the car back on the track and haul it to Lamby. The experience was a thrilling one and will not soon be forgotten by those who participated in it. Mr. Murphy and party then proceeded west and Governor Otero and Mr. Bursum returned to Santa Fe.

"Mr. Murphy and guests were on their return trip from a visit to New York City, Washington and other eastern points, and all will not soon forget the good luck which accompanied them, and the presence of mind of Governor Otero and Mr. Murphy in what might have proved an awful catastrophe.

THE GOULD PEOPLE GOT AWAY WITH HARRIMAN.

The Goulds have just secured a triumph over Harriman in New Mexico by the completion to Aztec of what is known as the Durango-Farmington railroad, a line connecting the Denver & Rio Grande with the Texas & Pacific. The Harriman interests did everything in their power to block the building of this road, says the Denver Times.

However, a big bond furnished by the Rio Grande prevented them from securing an injunction, and the only recourse left to Harriman now is to sue for damages. The road will be finished completely and trains running by October 15, now that Harriman is powerless to interfere.
